

**2008 United Methodist Church
Fellowship Fund Report
Greater New Jersey Annual Conference**

The Fellowship Fund reflects the collective action of individuals, United Methodist churches and the United Methodist Homes. It reflects our oneness in mission and service. It reflects Christ’s call to help our neighbors. As exemplified by this report, many have answered not only with dedication and prayer, but also with contributions.

For over 100 years, no resident has been asked to leave because his or her financial resources have dwindled or been exhausted. Annually, the Foundation distributes \$2 million for charitable care and \$1 million for capital improvements to benefit residents.

We humbly and gratefully thank you for making the Fellowship Fund part of your stewardship. Thank you!
